12	\$62,040	\$124,080	\$10,340	\$124,080	\$10,340	\$124,080	\$10,340
13	\$66,520	\$133,040	\$11,087	\$133,040	\$11,087	\$133,040	\$11,087
14	\$71,000	\$142,000	\$11,833	\$142,000	\$11,833	\$142,000	\$11,833
15	\$75,480	\$150,960	\$12,580	\$150,960	\$12,580	\$150,960	\$12,580

\*Homeless children were designated as a priority population, effective March 1, 2017.

### To calculate your Monthly Income:

If your income is received weekly, multiply by 4.333 weeks to calculate monthly income.

If your income is received bi-weekly, multiply by 2.166 weeks to calculate monthly income.

Notes: If your family size is greater than 15, add \$4,480 to the NYS Annual Income Standard for each additional person. Then multiply the result by 200%.

Family Share=Family's gross annual income minus the NYS annual income standard, divided by 52 then multiplied by 20%.

Rev. 7-13-20
